Comments from Previous Students

FALSAL HANNAH REBECCA (UK):

Summer Session is a fantastic experience. Attending the Summer Session at Fudan is great for exploring Shanghai. The staff students of Fudan University are very welcoming, friendly and helpful. Summer school is a good way to meet people from all over the world.

VEDELAGO MICHELLE MARIE (USA):

Despite growing up in China, taking part in the Fudan International Summer Session was one of the best decisions I have ever made. The program offered a good balance of Chinese language and content courses, which were very interesting seeing as they were being taught from a Chinese perspective. Moreover, the Chinese language courses were very engaging which made it one of my favorite parts of the program. Nonetheless, Shanghai is one of the greatest cities to be in to not only experience a part of China, but to watch modernization happen at first hand.

ISMAIL MOHD ARIF BIN (Malaysia):

I live in the greenery Fudan campus, surrounded with such a vibrant atmosphere of Shanghai. It is a great environment for me to immerse new culture and broaden my perspectives as well.

COLE ZACHARY ALLEN (USA):

About my courses, I really enjoy Service Marketing in China class. I find it really interesting how service based companies must adapt to the Chinese consumer. I'm in level 3 Chinese which is a bit difficult for me because I have only taken one year of Chinese previously. But I'm surviving and actually doing quite well.

DANG HIEU (Vietnam):

The courses are fun and informative, the dorm life is nice, and I spend most of my free time eating and exploring the city.

KANG HARAM (Canada):

Life is very different from home, but I am really enjoying my stay in Shanghai. I spend my free time trying to travel and see new sights within the city also I like hanging out with new friends both international and local.

CLIVIO CARLOTTA (Italy):

I had the tremendous opportunity to take a "Comparative Philosophy – Eastern and Western" module at Fudan University. Often engaging in lively philosophical debates with students from across the globe, the more topics we dealt with, the more I became curious to hear our professor's stand on each issue.

VEROULT DIEDERIK (Netherlands):

I had a great time at Fudan and really enjoyed the program. Especially the extra-curricular activities like the Bao Steel company site visit and the acrobatics show were very nice and well organized.

EASTERLING SARA ELIZABETH (USA):

My favorite thing about this program is experiencing the city. Living in Shanghai, there is always somewhere to go and something to do, and being in an Asian city
