

7th International Conference on Wireless Communications and Signal Processing
October 15-17, 2015, Nanjing, China.

Sponsors & Co-sponsors

IEEE International Conference on Wireless Communications and Signal Processing
IEEE International Conference on Intelligent Information Technology

Technical Committees

- 1. General Chair
- 2. Technical Program
- 3. IEEE International Conference on Intelligent Information Technology
- 4. IEEE International Conference on Intelligent Information Technology

Organizing Committees

- (A) General Co-Chair
- (B) Technical Program Co-Chair
- (C) International Program Co-Chair

- (D) General Co-Chair
- (E) Technical Program Co-Chair
- (F) International Program Co-Chair

- (G) General Co-Chair
- (H) Technical Program Co-Chair
- (I) International Program Co-Chair

- (J) General Co-Chair
- (K) Technical Program Co-Chair
- (L) International Program Co-Chair

- (M) General Co-Chair
- (N) Technical Program Co-Chair
- (O) International Program Co-Chair

General Chair	October 15, 2015
Technical Program Chair	October 16, 2015
International Program Chair	October 17, 2015

The 7th International Conference on Wireless Communications and Signal Processing (ICWSP 2015) is an international forum for researchers, engineers, and students in the field of wireless communications and signal processing. The conference will be held in Nanjing, China, from October 15-17, 2015. The conference will feature keynote speeches, technical sessions, and workshops. The conference is co-sponsored by IEEE International Conference on Intelligent Information Technology (ICIIT) and IEEE International Conference on Intelligent Information Technology (ICIIT).

The conference will be held in Nanjing, China, from October 15-17, 2015. The conference will feature keynote speeches, technical sessions, and workshops. The conference is co-sponsored by IEEE International Conference on Intelligent Information Technology (ICIIT) and IEEE International Conference on Intelligent Information Technology (ICIIT).

The conference will be held in Nanjing, China, from October 15-17, 2015. The conference will feature keynote speeches, technical sessions, and workshops. The conference is co-sponsored by IEEE International Conference on Intelligent Information Technology (ICIIT) and IEEE International Conference on Intelligent Information Technology (ICIIT).

The conference will be held in Nanjing, China, from October 15-17, 2015. The conference will feature keynote speeches, technical sessions, and workshops.
